# COVIDSAFE APP

- The Australian Government developed the COVIDSafe app to keep the community safe from coronavirus (COVID-19).
- The app uses Bluetooth on your mobile to look for other devices with COVIDSafe installed, allowing your device to take note of contact you've had with other users by securely logging their reference code.
- If you or someone you've been in contact with is diagnosed with coronavirus, the close contact information securely stored in your phone can be uploaded and used by health officials to quickly trace people who've been exposed to the virus.
- All information gathered by the app is secure and all Australians are encouraged to download the app so that we can quickly respond to new cases of COVID-19.

**Get the app**

# GOVERNMENT UPDATES

## Victorian Government

- Will be undertaking in-depth testing of 100,000 Victorians over the next fortnight to identify any underlying community transmission.
- Restrictions in Victoria are expected to be eased after the Federal Government's announcement expected on **Monday 11 May**.
- At this stage, Victoria has not relaxed stage three restrictions, whereas other states have commenced relaxation of social distancing rules.

## South Australian Government

- South Australian Aquatic and Leisure Centre has reopened to Olympic athletes for training, however there is no confirmed opening date for the public.
